

Dear Plum Resident,

We are pleased to inform you that County Hauling, a Noble Environmental company, was awarded the contract for residential trash and recycling collection in Plum Borough beginning June 1st, 2021. We look forward to providing Plum with a safe and efficient collection program! Our contract is similar to the one that the Borough had with your previous hauler and your collection day for trash and recycling will remain the same.

The following guidelines apply to all residential trash and recycling collection in the Borough:

- Trash and recycling must be out the night before your collection day, or prior to 5 AM on the day of collection.
- All trash and recycling carts, as well as bulk items, must be within five feet of the curb (or five feet from the edge of a traveled road) and placed so as not to interfere with the collection of other items, block the right of way or obstruct traffic. Items not visible or otherwise obstructed from view will not be collected.
- All trash must be bagged before being placed in the cart. Loose trash is a potential health hazard for our employees, is more difficult to collect and is a major factor in municipal litter.
- Please *do not* bag your recycling, it should be placed in the cart loose. If you are placing loose cardboard out for recycling, please flatten all boxes and stack them neatly next to your recycling can.
- Place Bulk Items, limit one per week, at the curb with your regular trash and in a manner so as to not obstruct access to any other item (Mattress/box-spring wrapped in moving or disposal bag, stove, washer or dryer, refrigerator/window AC unit with the freon removed, couch, etc.)
- See attached flyer for information regarding our E-Waste and HHW disposal service and instructions on how to schedule a collection.
- See attached calendar for the Holiday collection schedule. If a holiday falls on a weekday, collection is pushed back one day for all days that follow.

Please call or email us with any questions, and we look forward to serving your community!

Sincerely,

County Hauling Management

If you have any questions about the list of recyclable and non-recyclable materials below, please call Customer Service.

Types 3-7 Plastics are no longer recyclable. There is no market for this material, so if it ends up in the recycling, it will be trucked to the recycling plant, then sorted and trucked to the landfill. The best way to reduce the carbon footprint of each item is to follow these guidelines closely and be sure to reach out to our Customer Service if you have any questions!

The two types of plastic that are still recyclable are **Types 1 & 2**, which are among the most common. Examples of Type 1 include soda, water, salad dressing and cooking oil bottles (either bottles you drink from, or that hold consumables). Some examples of Type 2 include milk and juice jugs, shampoo, conditioner or bodywash bottles and laundry detergents containers. Neither of these lists are comprehensive, so be sure to check each container for the recycling logo and the codes PET or PETE for Type 1 and PEHD or HDPE for Type 2. If the container has any of these codes, it is recyclable. If it does not, then it is not recyclable.

RECYCLABLE MATERIALS

- Aluminum Cans
- Corrugated Cardboard
- Glass bottles and jars
- Newsprint and Inserts
- Office Paper
- Type 1 & 2 Plastics
- Steel Cans
- Phone Books
- Paperback Books
- Junk Mail and Envelopes
- Pizza box lids – If not tainted by food
- Boxboard: such as tissue, dry food boxes, cereal, noodles and cake boxes

TRASH

Put all Non- Recyclable material in the trash.

NON-RECYCLABLE

- **Types 3-7 Plastic**
- Garbage, food waste, diapers, paper plates, hangers, old plastic toys
- Meat or dairy plastic or paper packaging
- Wax or plastic wrap or bags
- Freezer food packaging
- Plastic deli, product or take-out packaging or utensils
- Plastic bags or wrapping film
- Formed or pellet Styrofoam packaging
